GOA GIL 2002 V2 FLIGHT PATH

Turn Right on CA-4/CA-49. This leads into Angel's Camp. Go through town, past movie theatre which will be on the right. There will be a "Y" in the road, go left on Highway 4 towards Bear Valley. Go 4 miles or so until "Parrot's Ferry Road" and make that right. Go 1.1 miles to a left marked with a sign "9 miles to stanislauss power plant" (the sign might be hard to see, so be sure to check your odometers).

Go all the way down the canyon 8 miles to the bridge. Cross the bridge and go 1/2 mile to the first and only right (be sure to watch your odometer here too, you don't want to miss the dirt road). This is a dirt road marked 3N03. Go 4.5 miles and drive slow and carefully, this is a windy, dirt road. It is the first left driveway after the second cattle guard (the property above Avery Ranch).
